Hartwick goaltender Doug Pearson is lost in a blur as he dives for the puck during a scramble in front of the net in the third period of Monday night's Men's Recreational Hockey playoff game. While he was able to stop this drive, he was unable to hold off the Rockcliffe Foamblowers in the dying moments of the game. The Foamblowers went on to win the game 8-7. For a complete report on the game, see page 10.

Report riddled with inaccuracies says Dysart Reeve

Dysart Reeve Murray Fearrey is not pleased with an article which appeared in the Monday edition of the Toronto Star. The article, written by Roy MacGregor, related how welfare recipients in Haliburton had been "forced" to work on make-work projects.

In the article, the make-work projects were compared with "slave labour gangs", according to Dr. Alan Davidson. On the job sites there were breaches of the safety act and in one instance a work crew was left unsupervised as the foreman was serving a jail term related to a sexual assault which took place on the worksite, according to the Star report.

The Star writer also interviewed a number of welfare recipients who were involved in the program. One individual claimed he attempted suicide, because he did not want to go back

on welfare. Other individuals claimed they were forced to take part in work

projects even though they were in ill health or not qualified to operate the equipment in question.

Reeve Murray Fearrey described the article as incomplete and biased. He said it was riddled with inaccuracies. "It makes one wonder about freedom of the press and the credibility of some of the journalists," Fearrey said. "There are always two sides to every story."

He noted, for example that the sexual assault incident had taken place over five years ago and the individual involved had not gone to court until long after the work term was completed. "The workers were not left unsupervised," he commented.

Portage bridge of historical significance

Every community has something worth preserving. That was the message which Jane Simonton, Conservation Officer with the Heritage Branch of the Ministry of Citizenship and Culture brought to the March 8 meeting of the Anson, Hindon and Minden municipal council.

Jane told the councillors that designation of structures of Historical significance was the responsibility of the municipal councils. She suggested that a local advisory board should be established to assist the

guidelines should be included in the plan which would assist in the preservation of historically significant structures in the municipality. She pointed out that there are a number of criteria under which a structure could prove to be of significance. "You may wish to designate a structure historically significant because of its age, because of an historical event with which it is associated, because it is a landmark or it is a structure of unique design."

The ministry representative noted that the preservation of important provincial landmarks includes various ministries in the province. For example, she pointed out that the old Portage Bridge, which spans the Gull River at Highway 35, is of historical significance. She said the design of the bridge, concrete tied arch, was rare in this part of the province. She said there were a number of bridges similar to the one here in

Minden's Portage Bridge

Wellington County, but her group was both surprised and pleased to find an example of that type of construction in this part of the province.

She explained that since the bridge is no longer in use, the MTC does not spend any money on main-

taining it. She pointed out that the structure will likely deteriorate over time unless some effort is made to preserve it. "Once it becomes a hazard to the public, it will have to be torn down," Jane explained. The ministry representative said further investigations are

now underway to determine if the structure should receive a special designation.

Jane noted that designating a structure of historical significance is simply an identifying process. It opens the doors for funding to assist in its preservation, and

provides a degree of protection from major alteration and demolition.

The spokesman explained a number of programs to the council regarding the historical preservation program and how the municipality could become involved in that area of concern.

Stanhope Council briefs

Items from the March 7 meeting of the Stanhope Township municipal council.

Council amended By law 84-4 to increase the membership of the Stanhope Parks, Recreation and Community Centres Committee from 9 members to 15 members. The appointees for 1984 are: Mrs. Bryan Barry, David Stirrett, Mrs. Mary Lawr, John Barclay, Dorothy Finch, Jim Moore, Vern Boles, Joe Hughes, Kurt

Leuhman, Dale MacDonald, Ann Barker and Penny Googh.

The chairman of the committee is John Barclay.

HCSA help

Council approved a resolution to financially aid the Haliburton County Snowmobile Association for the balance of the 1983-84 season. A donation of \$500 will be forwarded to the HCSA as the result of a request by the association to provide \$1215 for the

maintenance of the 45 miles of snowmobile trails that the organization has developed in Stanhope Township. Council will give further consideration to the remainder of the amount requested.

Accounts

Approval was given for payment of the February accounts. General accounts totalled \$13,938.95; Road accounts totalled \$13,931.14 and the Welfare accounts totalled \$7,905.36.

Wardens appointed

Fire Wardens for 1984 were appointed for Stanhope Township. The Chief Fire Warden is Don Barker. Also appointed as Fire Wardens were: Gordon Martin, Robert Jennings, John Muise, Ray Welch, Dale MacDonald, and Jim Moore.

The individuals who have been appointed remain on call to respond to forest or grass fires that occur on public or private land within the township. Through an agreement with the Ministry of Natural Resources the Township is reimbursed for 100% of the costs incurred in fighting a fire on Crown

land and 50% of the costs on private land.

Fire permits

Council also approved the appointments of four fire permit issuers for the 1984 season. Under the Forest Fires Prevention Act the period from April 1 to October 31 is designated a fire season. During this period residents of Stanhope can obtain fire permits from By law Enforcement officer Jim

Wednesday, March 21, 1984

Moore at the Stanhope Municipal Building. Robert Baker at Hawk Road Services, Andy Broerasma at the Kushog Korner's Restaurant and Fred Chapple at the Four Seasons Country Store.

During the fire season permits are required for all outdoor burning except for cooking or to obtain warmth. Permits are also required when igniting fireworks within 1000 feet of a forest or woodland.

Backhoe tenders opened

At a special council meeting held on March 15, the Township of Lutterworth and the Municipality of Anson, Hindon and Minden opened the tenders for two tractor-loader-backhoes. The Lutterworth council had asked for tenders for a four-wheel-drive (4WD) machine with an optional four-way bucket. The Minden council had requested prices for both a 2WD and 4WD model. All prices quoted include provincial sales tax.

AHM agenda

Agenda for the regular Council meeting to be held in the Municipal Council Chambers on Thursday, March 22, 1984 at 9:00 a.m.

1. Adoption of Minutes.
2. Open tenders for 4 wheel drive, compact pickup truck.
3. Discussion re: tenders for tractor, loader, backhoe.
4. Award streetlight tender.
5. Report re: Neighbourhood Watch Program and related signs.
6. Report re: Planning Advisory Committee minutes of March 14 meeting.
7. Report re: Haliburton County's Home Support group's need for area volunteers.

By-laws

8. By-law 84-10 - Being a by-law to authorize an easement agreement with Ontario Hydro with respect to property in Pt. of Lot 18, Concession 2 for the Township of Minden.
9. By-law 84-11 - Being a by-law to Close, Stop Up and Convey a Portion of the Original Shoreline Allowance for Road Adjacent to Kashagawigamog Lake in Part of Lot 18, Concession 2 for the Township of Minden. (i.e. N. Short applicant).
10. Other business.
11. Adjournment.

The tenders for Lutterworth Township were as follows:

Trotter Equipment Ltd.: \$41,855.00 with trade; \$48,754.55 without trade; \$4066.00 optional bucket.

G. F. Preston Sales and Service: \$41,651.89 with trade; \$50,211.89 without trade; \$4,613.84 optional bucket.

West Metro Ford Equipment Sales: \$37,426.46 with trade; \$45,986.46 without trade; \$2,270.54 optional bucket.

Tender from Queensway Ford: \$41,864.82 with trade; \$47,749.82 without trade; \$2,805.65 optional bucket.

McCauley Ford Tractor: \$37,197.48 with trade; \$47,522.98 without trade; \$2,607.59 optional bucket.

Mandem Manufacturing J.C.B.: \$37,985.00 with trade; \$42,800.00 without trade; \$4,694.00 optional bucket.

W. J. Lambert and Sons Ltd.: \$42,222.20 with trade; \$52,922.20 without trade; \$2,942.50 optional bucket.

B.E. Larkin Equipment Ltd.: \$38,476.13 with trade; \$46,180.13 without trade; \$4,800.02 optional bucket.

The following tenders were received by AHM:

G. F. Preston Sales and Service: \$51,492.68; \$56,274.51 optional 4WD; \$45,148.65 1983 model.

Mandem Manufacturing J.C.B.: \$44,940.00; also \$52,222.68 optional 4WD.

Trotter Equipment Ltd.: \$46,602.78 1983 model.

McCauley Ford and Tractor: \$46,234.70; \$50,487.95 optional 4WD.

W. J. Lambert and Sons: \$53,018.50; \$50,368.50 optional 4WD.

Queensway Ford tender: \$46,951.60; \$50,891.68 optional 4WD.

B. E. Larkin Equipment Ltd.: \$45,514.59; \$49,787.10 optional 4WD.

The bids received by Anson, Hindon and Minden included the four-way bucket.

Both councils are now considering the various bids.

Accuracy of report questioned

(from page 1)

Fearrey questioned the wisdom of the Star in posing two individuals mentioned in the article at a construction site without the necessary safety equipment. He noted that this one of the charges the article makes against the municipal program, and they themselves contravened the regulations.

He also takes issue with the fact that the confidentiality of some of the individuals in the story had been jeopardized. Fearrey noted that one of the recipients claims that, because of the size of the community, many people are aware of who is receiving welfare assistance. Fearrey points out, however, that the same individual allows his name to appear in an article in the country's largest circulation daily newspaper.

Fearrey was asked if he felt the article could be harmful to the county or cast this area in a negative light. He commented that most people who reside in the county will be well aware that the details outlined in the article did not represent a truthful picture of what takes place. "Sure we have make-work projects here," he commented, "but they're not chain gangs. No one works too hard on these projects."

As to the reaction from those who live outside the area, Fearrey said, "Intelligent people will realize that we don't have chain gangs or slave labour in this county."

The Dysart Reeve defended the use of make-work projects for able-bodied, welfare recipients. He said he felt it was a good

way to get people off welfare rolls.

The reeve suggested that the Toronto Star article was prompted by a travelling psychiatrist, Dr. Allan Davidson. The doctor has acquired a reputation for his work in Muskoka and Haliburton, becoming actively involved in the bureaucratic problems his patients experience by representing them at hearings, launching appeals

or in other action. The doctor has been the subject of a feature on the television program W-5 and an article in the magazine Harrow-smith.

Fearrey said some of the words and phrases used in the Star article had appeared in letters the doctor had sent to the municipality. "I feel the doctor was behind it," he commented. "It was a Davidson production."

The article seemed to have upset more than the Dysart politician. A sampling of individuals in Haliburton and Minden found that most people did not believe what the Star article said or implied, particularly in reference to what is occurring today. Most felt that providing work programs for those on welfare benefits was of value to the community and those involved.

Six year old dies in mishap

A six year old Cardiff boy is dead following a snowmobile accident March 12 in Monmouth Township.

Dead is Jason David Townsend, the son of Mr. and Mrs. Kenneth Townsend of Cardiff.

The incident occurred on Buckskin Lake when the victim, his father and five year old brother were ice fishing. The six year old asked his father if he could drive the snowmobile. The father consented and after the machine was started, the youngster drove the sled toward the shore at a high rate of speed. The snowmobile struck a rock and flew through the air striking and breaking an eight inch diameter tree.

The child was not wearing a helmet. He died of head injuries.

The body was taken to Bancroft hospital where Coroner Dr. Antony Holliday-Rhodes pronounced him dead.

The investigating officer was Constable Bill Clen-

denning.

Seat belts

Drivers and passengers of two vehicles involved in two separate roll over accidents were uninjured March 14. Police credit their safe escape to the fact that all five individuals were wearing seat belts at the time of the incidents. The mishaps occurred on Highway 35 in Stanhope Township.

The first incident took place at 12:45 a.m. when the car driven by Sherri Kearns, 21, of Stoney Creek left the road near Buttermilk Falls. The vehicle struck the guard rails on one side of the highway before careening across the pavement, breaking through the opposite set of guardrails and entering the ditch. The vehicle rolled over before coming to rest.

Kearns received a scraped nose but was otherwise uninjured, as was her passenger.

Damage to the car was estimated at \$3000. The driver has been charged with careless driving.

Constable Mike Legge was the investigating officer.

Later the same morning, a car driven by Elsie Bursey, 73, of Minden went out of control in Carnarvon when it struck an icy patch. The car crossed the road, ran over a snowbank and rolled over. Two passengers in the car, Albert and Lilly Rawlins of British Columbia were treated for minor injuries before being released.

The car sustained \$4800 damage.

The incident was investigated by Constable Dave Rogers.

NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LAND

The timber on designated areas of Crown land within the Minden District is grown and harvested on a sustained yield basis to provide employment and forest products for Ontario's economy.

The Ministry of Natural Resources is currently in the process of preparing a forest management Operation plan for the five-year period ending in 1990. This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and the disposal of this timber to the forest industry. Provisions for the needs of wildlife and other uses of the productive forest landbase are also considered in this operating plan.

Individuals and organizations who wish to state their views on these matters should do so by writing the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0 before April 16, 1984.

Welfare warfare

It is hard to draw a bead on the Welfare/Workfare article which appeared in the Monday edition of the Toronto Star. The half page article, written by Roy MacGregor, purports to be an expose on the welfare system in Dysart et al.

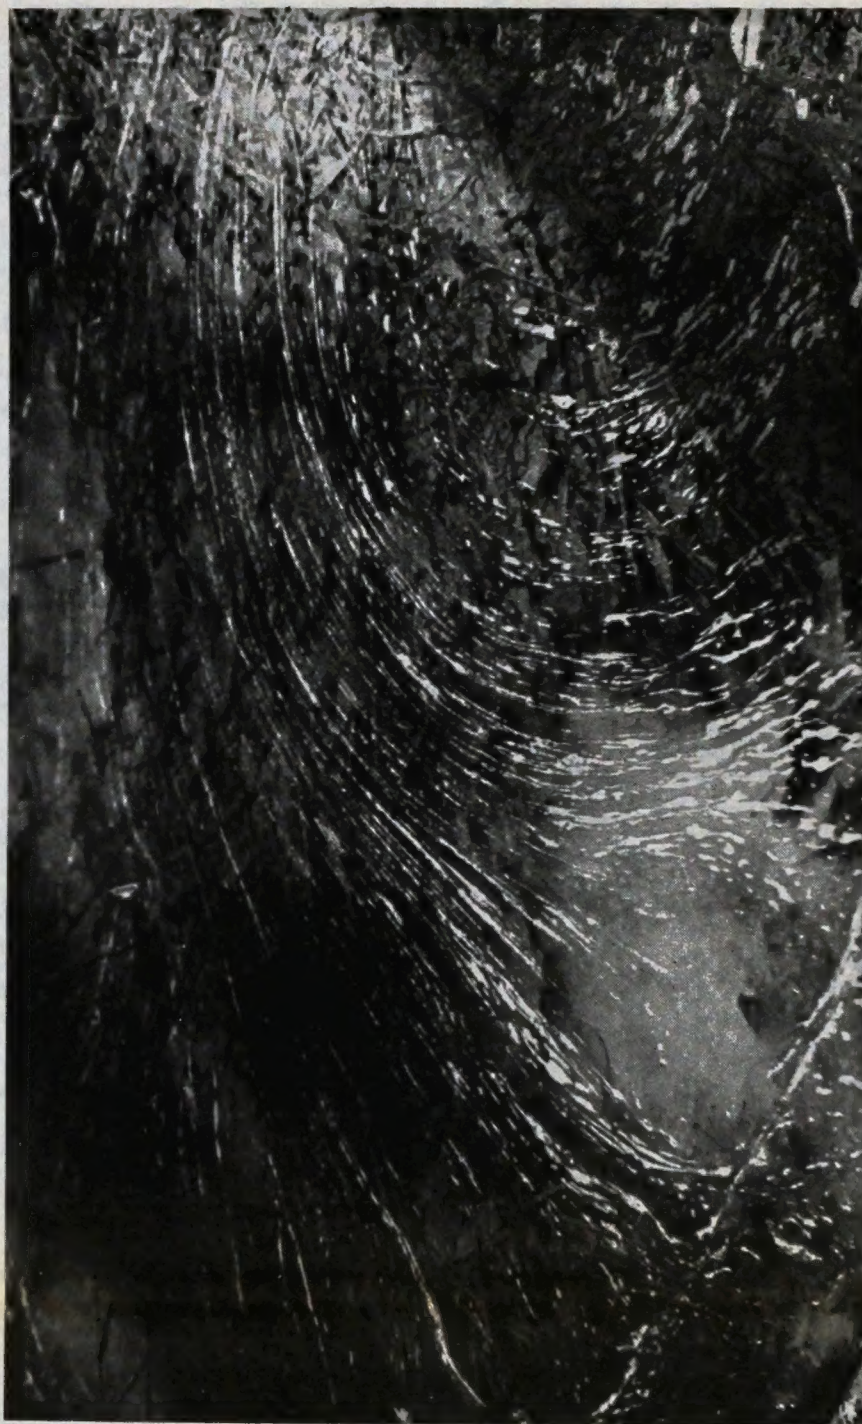

The article moves from an emotional recounting of one welfare recipient's suicide attempt to supposed facts which attempt to support the suggestion that those on welfare in Dysart are forced to work, in what one individual described as "slave labour conditions." It is a highly charged article in which the author prefers to play on the reader's emotions rather than deal with facts which represent the reality of today.

Welfare is always an emotional matter. Those who receive it are often resentful, embarrassed and angry that they must turn to the municipality for financial assistance. The recipients often feel, because of the size of the community, that "everyone must know" about their predicament.

There is no doubt that having to rely on welfare is not a pleasant experience. Most individuals prefer to be contributing members of the community, which is perhaps the main reason the municipality of Dysart and others in the area, have taken advantage of federal and provincial make-work funding. Not only do these programs allow the individuals to obtain a sense of pride by contributing to the community, but it means certain projects which might not have been done are completed. In the process the burden of financial support is shifted to the higher levels of government, not an undesirable goal.

We would suggest that most people in the county, including those who benefit from welfare payments, would not object to the proposition that able-bodied individuals should be asked to be involved in work projects which are of benefit to the community.

We would also suggest that while Roy MacGregor has found some emotional stories from a few individuals in Haliburton County, he could find the same heart-rending tales in any jurisdiction in the province. There will always be individuals for whom the system does not work or who can't fit into the system. They may deserve special consideration, but they certainly shouldn't be offered as examples of all individuals who are helped and encouraged by the assistance offered at the local level.

Forest eddies

Contracts lack tenders

- by John Eakins, MPP -

The Ministry of Education is the latest example of how the Ontario government's tendering guidelines continue to be ignored by different ministries. Violation of the rules appear to be a widespread phenomena among these ministries.

The latest case involves Sherriff and Associates, technical consultants for a Ministry of Education Apprenticeship Training Computer System. On September 7, 1982, they received an untendered contract for \$14,000 to provide technical assistance in the research and identification of problems in the computer program coding structure. Among the reasons given for their engagement was "Sherriff and Associates were available", having just completed another Ministry assignment, and that the contract was under \$15,000.

Interestingly, the problems could not be rectified for \$14,000 and the contract

was extended for an additional \$17,100 without tender and without seeking an exemption from Management Board. While it may be difficult to ascertain whether this contract was in fact artificially split in order to avoid the need to tender it initially, there can be no question that the renewal of the contract should at the very least have been brought to Management Board's attention, and an exemption sought. Once again, the government's much vaunted rules are ignored by the Ministry, and the Management Board Chairman, Mr. McCague, remains silent.

A second example of the Ministry of Education's management style is revealed in a contract with A. Tobias Associates in training for operators of the Ministry's word processing network equipment. Initially, Ms. Tobias was paid \$7,2000 "to conduct training sessions for staff".

Subsequently, and at the same time as she was holding staffing training sessions, she was hired for \$15,000 (\$13,590 expended) "to develop a training program and manual for word processing equipment". Subsequently she was paid an additional \$11,400 for "instruct(ing) staff at all levels in the use of the word processing network equipment". In all cases, there were no tenders, and no exemptions sought from Management Board.

Presumably, the Ministry had some idea of training needs in the department before Ms. Tobias was engaged. If they realized they had to train staff, they should have tendered the whole contract. Either the Ministry staff exercised questionable planning, or rules were wilfully violated. This is a further example to call into question the management practices of the Davis government.

outdoors

Federation of Ontario Naturalists

Outside my train window a late winter sun is stripping the rich southwestern Ontario croplands of their snowy cloak. Spring runoff will soon begin clearing the way for a new cycle of planting and harvesting in Canada's breadbasket. It will also open a new season of soil erosion which

seriously threatens our ability to feed ourselves.

It all seems a little remote as the freight cars thunder by the other window, laden with produce from California and Florida. But the fact is, our best agricultural soils are being borne away at an alarming rate. Water erosion is the major cause for concern, scarring the

landscape and polluting even the Great Lakes, with agricultural chemicals. Wind also inflicts severe damage. One recent field study near Hillsburg, Ontario found that as much as one centimeter of soil was removed by a single storm.

The costs are enormous. A 1982 Ontario study showed that reduced crop yields, and nutrient and pesticide losses alone, amount to \$68 million every year. The associated decline in soil productivity paints a gloomier picture still, since the bulk of all food production is affected.

Soil erosion is a natural process, of course, and no real problem in undisturbed ecosystems where protective plant cover helps keep soil regeneration and erosion in balance. But over the past 20 years, rapid technological changes resulting in a massive expansion of row crop production (especially corn and soybeans), and a corresponding decline in forage crops and pastureland, has disrupted this balance. Additional neglect of soil conservation practices has set the stage for disastrous depletion of the rich organic surface horizon of our soil base. In effect we are mining the soil, since nature takes literally thousands of years to generate a few inches of it.

Once the organic surface layer is gone, less fertile subsoils serve as the cultivation media. By nature they also have lower water storage capacities, poorer infiltration, poorer structure, hence greater artificial manipulation is needed (e.g. fertilizers) to maintain productivity levels, and agriculture becomes a very precarious business.

Stepping off this merry-go-round is difficult for the average farmer. In many cases the adoption of erosion-control practices may not prove cost-effective even though the writing on the wall gets clearer with every inch of lost topsoil and the corresponding decline in

Editor:

Please accept this as a fan letter for The Minden Times. I enclose as requested my \$12.50 out-of-town subscription fee with pleasure.

I think Haliburton County and Minden are well served by an excellent quality of local journalism. Any faults you have are the faults bigger and richer newspapers have been unable to solve or don't trouble themselves to solve.

The Times provides a valuable service of public information and is an invaluable adjunct to local government. For those of us who love The Highlands and its people "it's the next best thing to being there."

Joe Curtin,
Toronto.

Editor:

Mr. Kenney is doing it again!

Wouldn't it be refreshing if he first did his homework then got his brain in gear before he set his mouth in motion?

B. J. Harrison,
Minden.

Editor:

Mr. Pizze of The Echo puts it nicely. As much as a \$40,000-plus mechanized shovel pales beside the national headlines of Lebanon or Ireland, nonetheless it is as he states, "the stuff of local politics."

Mr. Pizze says further that to question the decision to purchase the backhoe is to "demonstrate a lack of confidence in the committee." I've heard that argument a lot lately, and

the change in tone of voice when the word "confidence" is reached leaves no doubt that it is being spelled F.A.I.T.H. "You don't have faith in your fellow councillors."

Now nobody has come to realize more than myself just how valuable committees are to a municipal government. Mostly they are comprised of volunteers and municipal employees being paid no extra for the after-hours committee work they labour at. Hundreds of thousands of dollars could not pay for the time and efforts such expeditors give freely to this County's recreational facilities, libraries, art galleries, and yes even public utilities. Municipal government, however, is not ordained, and the issues at hand have less to do with faith and more to do with first justifying a need to purchase a

backhoe and if that can be done then deciding what funds should be used for such a purchase. Committees work ceaselessly to maintain the nuts and bolts holding countless municipal operations together. At various times they are required to submit proposals to a governing body for approval before proceeding. For council to merely rubberstamp such proposals may reinforce someone's love of 'faith' in politics, but it does little to reinforce the responsibilities of elected office.

Faith, I suppose, would mean to some that an often quoted comment, i.e. "Minden has the lowest water rates in the Province", should be enough to warrant use of surplus water revenue as an investment portfolio for the purchase of a backhoe that will in turn be rented to other municipal

departments. I prefer to temper my faith with some homework and open debate. Ten random phone calls resulted in the contradictory evidence that Minden has very reasonable rates (five of the municipalities contacted have rates that range up to 25% higher), but by no means "the lowest in the Province" (four have rates that are up to 40% lower). So it would seem there is room for improvement if we wanted to take the task on.

May I also point out the following:

1. How can the Deputy Reeve claim recently to see "pads" in the Arena Board budget and not account for the obvious padding in water rates that resulted in annual surpluses totalling \$68,881.55 at December 31, 1982?

2. There is no, that's no as in zero, verification by any department supervisor that

indeed a backhoe will be used for 100 hours, let alone the 200 hour figure that is bandied about. That 200 hour figure was a number I suggested as a minimum required useage and it was made at the only previous discussion of the subject ever held by council. I have never owned or operated a backhoe in my life, yet that unverified number hangs on with a significance that bewilders me. Would it not be proper to base a decision on the known previous rentals of a backhoe?

3. The only previous discussion of this subject by council occurred for five minutes (with one member absent) around the coffee urn prior to a regular meeting of council. That discussion resulted in a decision to ask for tenders; no commitment was made

(more on page 7)

Your chance to honour a shining example.

For Service to the Community

They are the bedrock of society, quietly, selflessly devoted to those who need help. They are the people who, with no thought of compensation, voluntarily devote part of their lives to the bettering of the lives of others - the disabled, the disadvantaged, the sick and the lonely. Some contribute their time and talents to helping others achieve - in culture, arts, sports and recreation.

Bicentennial Medals

To commemorate Ontario's Bicentennial, a special medal has been struck. Made from Ontario gold and nickel and minted in Ottawa, the medal features Ontario's coat of arms and the Bicentennial symbol.

Nominate a Special Person

In this Bicentennial year, 1,984 medals will be awarded to volunteers who have made a valuable contribution to their communities. Every community across the province including

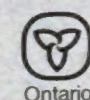

municipalities, Indian Bands and local service boards will be asked to nominate anywhere from one to 13 non-elected individuals (dependent on population). Beyond this, some 200 medals will be awarded to citizens whose names have been put forward by their fellow citizens or by volunteer organizations.

Ontario's Bicentennial

It's an occasion for communities to join together and celebrate our rich diversity. The Bicentennial Medals Program is one way we can honour those special values we all hold in common, and those special individuals who've made our life together better.

We need your nomination by June 30, 1984. Nomination forms are available by writing:

Executive Secretary, Bicentennial Awards Committee, Box 1984, Queen's Park, Toronto, Ontario M7A 1N3

William G. Davis
Premier

Margaret Birch, M.P.P.
Parliamentary Assistant
to the Premier

from the chamber

Our 1984 Summer Accommodation Guides are back from the printers in record time. Over 200 have already been mailed out to individuals who had requested the information previously.

Literally thousands will be sent out this week to various information and distribution centres throughout Ontario and to American outlets. Individual solicitations have come from England, West Germany, Saudi Arabia and Puerto Rico as well as many American states and of course, all over Canada. We would like to thank Dymont - Stubleby Printers of Orillia for doing a fine job and making our "S.A.G.S." ready in time for the Sportsmen's Show where thousands more will be handed out.

Talk about immediate impact!, a Sportsmen's Show visitor to the Highlands booth on Friday, March 16 dropped into the Chamber office Saturday March 17 with his wife and three children for more information on skiing and fishing.

Emily Skinner and Mike Kitchman must be doing a great job of promoting down there. They also reported an enthusiastic response to our County Trade Dollars and asked for more to be sent down. Unlike most commemorative coins which increase in price after the year is up, ours has remained at the original price, much to the delight of dedicated collectors.

Cattails and bulrushes

There is an interesting article in the Sportsmen Magazine from the Sportsmen's Show about experiments being carried on by the Saskatchewan Research Council in Saskatoon.

"They were looking for a viable sewage system which is economical for small towns. They have found that if these two plants (cattails and bulrushes) are planted in sewage lagoons of towns with populations of around 5,000 and winter sewage released when the new plants appear in the spring, that in six months their roots consume twelve months of sewage, leaving the water pure, and for some unknown reason, eliminate the foul odour. These plants' roots produce an antibiotic substance that attacks and kills human and animal bacteria. The root system also absorbs dangerous chemicals present in domestic sewage, and, in some cases, breaking them down into harmless elements."

It was also pointed out that the reeds secrete a larvicide that repels

mosquito larvae. The article goes on in detail on how the plants can also be used for food, weaving, making toys and starting fires.

CBC helps?

You can get your Tuesday Morning Smile at 8:20 a.m. every week on the C.B.C. radio Ontario Morning Show when Doug Ryan of Tock Lake (just northeast of Dorset) does his Muskoka (excuse the expression) - Haliburton Report. Doug insists that all the official maps are wrong and he actually resides on Otter Lake but other than that he usually has some interesting commentary on proceedings in this county; often very tongue in cheek.

In recent reports he has given his view of the Ingoldsby Bridge, questioned if Minden could come up with the bucks or enough doe for their Deer Park and made innuendos about the seniors at Hyland Crest pulling fire alarms. We love you Doug and appreciate the exposure.

Since their visit here last fall through the Chamber Weekend in Haliburton Promotion/Contest and sports announcer, George Duffields visit to The Snowarama, Bob Burt, Producer of Morning Side and Alan Miller, host also give us the "odd" plug. Although they still don't know where Wilberforce is located, they do have Ron Gambell's number. You may have heard them on February 24 discussing the ice races at Minden and wondering if Gambell's Used Cars would be on the track.

The challenge

Would you like to take up the Brezina challenge? Well your chance has finally come. To enlighten those of you who read this column in places other than the Minden Times, the editor, as we recall offered a free subscription to his paper if you could catch him without a "Minden" on and you in turn could show him yours. It is all part of the A. H. & M 125th anniversary celebration. On sale at the Chamber now is the official Anson, Hindon and Minden lapel pin designed by Sharon Barclay of Carnarvon, for \$1.00 each. This is your opportunity to do it to Jack.

Autumn arrives at Chamber

It may be the second day of spring but we're thinking "Fall" here at the Chamber. You may be aware of the Ontario Government's book of "Events" that is printed for each season of the year. The information therein has to be submitted months in advance. The County's Summer Events were submitted in February and

now the Fall Events must be collected, expanded upon, collated and prepared.

We are asking all the organizers out there to please start now to send us the expanded details of whatever you may be involved in, be it displays or exhibits in your galleries, Thanksgiving weekend celebrations or dinners, Jubilees, Hallowe'en Dances, Hunter's Balls, Craft Conferences or Apple Days.

We can only pass on the information which we have received and the Government information is often the source for the media people in larger areas to pick from. It could mean a lot of free publicity for your particular interest if you would take the time to write us with the details now.

Pitch-in '84

Keeping Ontario beautiful is a responsibility that we all share. The annual Pitch-In campaign has encouraged thousands of Ontarians, both young and old, to voluntarily clean up the unsightly litter that frequently accumulates during winter months.

The Ministry of the Environment is joining the 46,000 members of the Ontario Federation of

Anglers and Hunters in sponsoring Pitch-In '84 and the event is being staged as a bicentennial event of the Ministry.

Saturday, May 12 will be "Pitch-In Day" and any school which wishes to participate in the campaign by mounting special environmental projects has the enthusiastic support of the Ministry of Education.

Information kits will be available, please contact Pitch-In '84, 2nd Floor, 245 Davenport Road, Toronto, M5R 1K1. Complimentary garbage bags are available to participating non-profit organizations while supplies last on a first-come-first-served basis. You may also order Pitch-In T-shirts, posters, decals for litter containers, and bumper stickers, etc. at various prices.

Museum meeting

A reminder - The Kanawa International Canoe Museum will be holding its meeting Thursday, March 22 at 8:00 p.m. to ascertain if there is enough interest in the county to support the formation of a county historical society. An invitation is extended to all residents and seasonal property owners.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Moore's Lake, in front of Part of Lot 26, in Concessions 5 and 6 and in front of 33 feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance Portions to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on Thursday, April 19th, 1984, at the hour of 7:00 o'clock P.M., a By-law to stop up and close the parcels of land more particularly described as follows:-

SCHEDULE "A"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concessions 5 and 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 9 to 27 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2945.

AND, in addition, to convey Parts 9, 11, 13, 15, 17, 19, 21, 23, 25 and 27 to the owners of the abutting Instrument Numbers 31541, 34475, 32028, 99342, 10792, 77660 and 77662.

SCHEDULE "B"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concession 6 and in front of thirty-three feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19)a as Plan 19R-3010.

AND, in addition, to convey Part 1 on Survey Plan 19R-3010 to the owner of the abutting Instrument Numbers 16943, 2436 and 80149.

Copies of the Survey Plans 19R-2945 and 19R-3010 are attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 14th day of March, 1984.

**Mr. Wayne D. Hughes,
Clerk-Treasurer,

letters letters letters

(from page 5)

to purchase.

4. In April, 1983 during discussion of the surplus funds, the Water Utility Committee chairman explained the money was earmarked for replacement of existing water mains with improved pipe ('Transite' type) and increased ground cover (to eliminate frozen lines). If this was a priority in December, 1982, what happened in 1983 and 1984 to forestall such an obvious improvement to the system?

5. As The Times rightly points out, the leaky economics of \$40,000-plus spent outside the County versus contracted rentals to local ratepayers is a valid point. Another is the catch-22 situation of an operator. There is clearly no extra employee available to be trained and tied to a backhoe for duty 'on call'. The Roads crew is two persons less in 1984 than 1983, and in my opinion should remain at such a size while improving work efficiency. To hire another crewman/backhoe operator will involve extra expense and the 'invention' of duties when he/she is not operating the backhoe. There is no doubt another employee can be 'hidden' on the books; it's been done often enough already. The point is should it be done?

6. On December 22, 1980, a report was tabled at council showing an accumulated deficit for the Water Utility of \$33,261. On March 11, 1981, water rates were increased \$11.30 per home to reduce the deficit. On January 27, 1982 the committee chairman announced the deficit had increased to "more than \$40,000" and outlined a plan to eliminate the deficit in five years. On June 23, 1982, the chairman stated, "The

water system is in worse shape than I ever dreamed it was", and cited an outstanding debt of \$58,000 for construction costs in 1977 that had just come to light. Now, the Utility shows an accumulated surplus of \$68,881.55 to December 1982 and proposes to invest most of that surplus in a backhoe purchase rather than retire some of the outstanding debts that at current debenture rates will at least triple the costs by the time they are paid off. I respectfully submit that justification has not been shown for a backhoe purchase, and should such be shown in the future the purchase should be shared by all ratepayers (as in the case with the municipal grader) not by 377 water subscribers. There would seem to be enough ways, both physically and financially, the surplus can be put to work for the benefit of those supporting the water system.

Gary Kenney,
Blairhampton.
Editor:

In co-operation with
Ontario's Bi-centennial and

the Town of Prescott's Sesquicentennial Celebrations, the alumnae of the former Prescott High School have planned a reunion for former students and staff on Friday and Saturday, June 29 and 30.

Events will include registration, reception and tours of the former school building on Friday afternoon and evening. On Saturday, June 30, there will

be a chicken barbecue served at noon, an afternoon beer garden and tribute to PHS ceremony, all on the old school lawn.

PHS graduated hundreds of persons between 1920 and 1958 and as these former students are spread across Canada today, we would appreciate your publishing this letter to help tell former students and staff in your community that Prescott High School is holding its first-ever reunion.

Former students wishing further information can contact Barbara Mills, PHS Reunion, Box 1984, Prescott, Ont. K0E 1T0.

output. Remedial action such as improved tillage, crop rotations, conservation practices, grassed waterways, and sod buffer strips, must also be tailored to the individual site. So no single program will solve the problem.

But at this stage the major problem is still the lack of public awareness and pressure for soil conservation policies defining a viable agricultural system. The Soil Conservation Society of America (Ontario Chapter) has taken a lead with a recent position statement on soil erosion. Copies are available from: R. B. Chang, Secretary, Ontario Chapter SCSA, 740 York Mills Road, Suite 506, Don Mills, Ontario, M3B 1W7.

There's a lot going on for women in Ontario

Find out

In Ontario, there are many opportunities for women to get involved in or take advantage of programs, services and benefits offered through the Government of Canada. You owe it to yourself to know about them. A few are listed here and there are many more. Just use the coupon below to get more information.

Need help getting a job?

If you're planning a career or looking for a job, your Canada Employment Centre can help. If you're thinking of going back to work, or changing jobs, or going to work for the first time, you may want to consult the Women's Employment Counselling Centre in Toronto. The WECC can help you decide what work you are best suited for and would most enjoy. It can teach you job-finding skills, and help you get essential training and on-the-job experience. Counsellors specially trained to help women get ahead in the labour market will provide a variety of job-related assistance. Some Outreach Projects specifically for women offer similar services. Ask at your local Canada Employment Centre for details.

Can't afford to get job training?

Maybe you can. There are many courses available for women in Ontario now. They range from academic upgrading to skill training. Most are offered by community colleges or provincial training centres throughout the province. If your Canada Employment Centre counsellor feels training will improve your marketable skills, you can take an approved course at no cost to you.

If you are eligible for Unemployment Insurance, you will draw your benefits during the training period. Training allowances are available for those not eligible for UI. Enquire at your local Canada Employment Centre, and send in the coupon.

You can earn while you learn

Another option is on-the-job training. Opportunities to be trained in non-traditional jobs can readily be found in Ontario. Many of these jobs are both challenging and high paying. The Government of Canada, through its General Industrial Training and Critical Skills Training programs encourages employers to hire and train women. Generous financial assistance is offered. Interested in working as a systems analyst, computer programmer, chef, machinist? There are lots of possibilities. Find out more by mailing the coupon.

Help with child care

Income tax deductions for child care expense have been doubled - up to \$2,000 per child. Send the coupon for more details.

The Women's Program

This program was created to support women's voluntary associations working in fields of particular interest to women. Through it, the Secretary of State Department makes grants and other resources available to women's groups to develop projects that will contribute to community education and action around status of women issues. Program staff are available as resource persons for information and project assistance. They also develop and distribute print material. More than \$11 million was spent in Ontario on the Women's Program 1982/1983. The Women's Program has regional offices in Ottawa, Toronto, Hamilton, London, Sudbury, Timmins and Thunder Bay.

Canada Works might help you

Canada Works is a job creation program that provides funds to community organizations, municipalities and businesses, helping them to hire staff for special work projects and activities. If you have been unemployed for eight weeks, you could be eligible to work on a Canada Works project. The jobs last from six to 52 weeks and give you experience and contacts that might help you find a long-term job. Your Canada Employment Centre has information on the Canada Works jobs available in your community.

Labour Canada Women's Bureau

The Labour Canada Women's Bureau was established in 1954 to provide leadership and services to women in paid employment. A key role is the development, promotion and support of policies and programs to achieve equality for women in all facets of employment: opportunity, pay, rights and benefits. The Bureau addresses women's concerns through research, policy assessment and education. Send in the coupon to find out more.

Red Cross president to speak

A former Haliburton County resident and president of the Ontario Division of the Canadian Red Cross Society will be the guest speaker at the annual meeting of the Minden Red Cross Society. P. Edgar Buchan will be the speaker at the March 28 meeting.

Mr. Buchan lived in the county from 1969 to 1978 when he was employed by the Ministry of Natural Resources.

A resident of Sault Ste. Marie, he was elected provincial chairman at the group's annual meeting in 1982.

In addition to his employment with MNR, he also worked for the Great Lakes Forest Research Centre, a part of the federal Environment Canada. Mr. Buchan retired a few years ago.

He has served Red Cross as an executive vice president of the Ontario division, and a regional council chairman for region 12 in northern Ontario.

Mr. Buchan has served a four year term as chairman of the Sault Ste. Marie Board of Education and is

Edgar Buchan

still an active member. He has also been appointed to the Social Assistance Review Board by Ontario Premier William Davis. The annual Minden Red

Cross dinner will be held Wednesday, March 28 at the Minden Curling Club. Tickets are available from Paul Heffer at Minden I.D.A.

Lutterworth council briefs

Items from the March 15 meeting of Lutterworth Township council.

As a result of a change in provincial government policy the Ministry of Municipal Affairs and Housing has increased the 1984 grant to the township. Clerk-treasurer Wayne Hughes made the announcement to council noting that the grant has been increased to \$57,838 from the previous year's total of \$33,003.

The overall unconditional grant is used to offset general expenditures and is comprised of a resource equalization grant, a per capita grant and a support grant.

Previously the provincial ministry awarded the grant on the basis of a population figure that did not include all summer residents. Only a third of the total number of part-time residents was considered. Under the new policy the grants are based on the number of households in the township.

Road subsidy

Council was informed that the township will be receiving a subsidy of \$143,600 from the Ministry of Transportation and Communications.

The subsidy will be used

for maintenance and construction projects in the township in 1984. An estimated \$15,900 will be spent on upgrading the Davis Lake Road as part of a continuing project.

Council decided to

complete the road project on the Rackety Trail at an estimated cost of \$30,000.

Council also approved an application to the MTC for a supplementary subsidy of \$40,000 to be used toward the purchase of a backhoe.

Kirchners win dairy awards

Dairy farmers Bud and Paula Kirchner were recent award winners in competitions held among Haliburton and Victoria County dairy producers. The awards were announced at the annual Dairy Herd Improvement banquet.

The Kirchners won the Sunderland Co-operatives trophy for the most improved herd with an increase of 37 Breed Class Averages points. The points system is based on the increase in milk production and butter fat content of the milk in the entire mixed breed herd.

The best previous showing in the two county competition was 15 BCA points.

The Kirchners also won the production award for their cow Melody. The competition takes into account the calving interval and the increase in milk production.

The couple, who have been operating a dairy farm near West Guilford for the past ten years, have won numerous production awards and have just been informed that their herd has been selected as one of the top 18 herds in Canada.

Heritage Ball planned for April

Residents of the municipality of Anson, Hindon and Minden will get their first taste of the community's 125th birthday celebration next month. A special Heritage Ball is planned for the Minden community centre April 14.

The dance is being co-ordinated by the Minden detachment OPP and Auxiliary wives.

According to co-ordinator Wendy Ladurantaye, the

group plans extensive decorating to give the hall a turn of the century look. Frilly curtains will accent the window while silhouettes on the walls will help set the mood.

A special feature for this ball will be a sitting room picture studio which will be created on the stage. Period furniture and decorations will complete the touches. Included in the price of admission will be a photo-

graph, appropriately sepia toned, taken in the sitting room. Those in attendance will receive a five by seven matted photo.

Of course, those in attendance are being asked to come in suitable costume. Wendy noted that a great deal of leeway is being allowed as costumes of any style prior to 1950 will be allowed.

The tickets cost \$16 per couple in advance and \$18 at

the door. A limit of 110 tickets will be available. Admission includes a home cooked supper, dancing to a disc jockey, refreshments at midnight, the sepia tone photograph and prizes for the best costumes.

Wendy noted that she and Cathy Jarvis have ideas for costumes for those who are uncertain what they could wear. Wendy can be contacted at 286-2088, Cathy can be reached at 286-1267.

Ontario Electoral Boundaries Commission

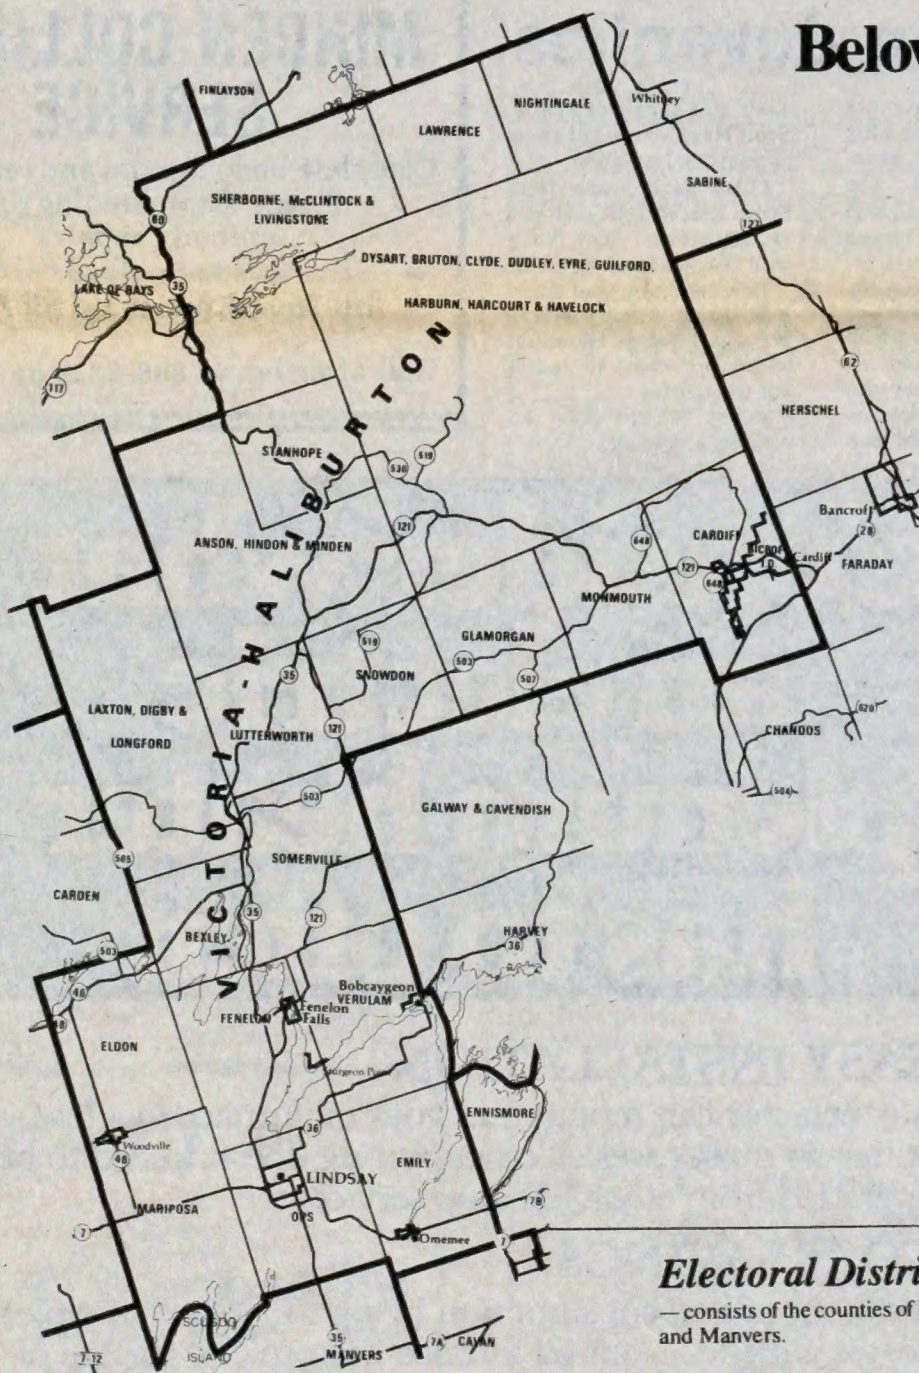

NOTICE OF PUBLIC SITTING

Proposed Provincial

Electoral Boundaries

A public sitting of the Ontario Electoral Boundaries Commission will be held in Peterborough (Court House, 470 Water Street, 10 a.m., Thursday, May 3, 1984) for the proposed electoral districts of Durham Centre, Durham East, Hastings-Peterborough, Northumberland, Oshawa, Peterborough and Victoria-Haliburton.

Below is the proposal for the electoral district of Victoria-Haliburton.

The complete text of the Commission's proposals and the resolution of the Legislative Assembly appear in the **Ontario Gazette** of Feb. 11, 1984.

Rules of procedure governing public sittings of the Ontario Electoral Boundaries Commission 1983 for the hearing of representations or objections by interested parties, in accordance with the resolution of the Legislative Assembly.

1. Notice of public sittings of the Commission shall be published in the **Ontario Gazette** together with the proposals of the Commission for the redistribution of electoral boundaries at least 42 calendar days prior to the public sittings to which the proposals apply.

2. At any public sitting of the Commission, representations or objections from interested parties will be heard and considered to the extent that they apply to the Commission's proposals relating to the electoral districts for which the sitting is held; any decision on relevance shall rest with the Commission.

3. Representations or objections may be made orally or in writing, or both.

4. Subject to Rule 6, the Commission will hear representations or objections only from those interested individuals or groups who have signified their intention to make them by lodging written notice with the Commission within 23 calendar days from the date of the publication of this advertisement and such notice shall state the place and time of the sitting at which they propose to be heard.

5. Representations or objections on behalf of associations or groups shall be made by one person.

6. The Commission in its discretion may receive and consider at any public sitting relevant representations from any Member of the Legislature who appears in person, whether or not the Member has complied with the requirement for notice in Rule 4.

7. If it appears to the Commission that all the relevant representations and objections cannot be made during the time allotted for public sittings in any advertised place, sittings may be adjourned or postponed and the Commission shall give such oral or written public notice of their resumption as it considers adequate in the circumstances.

8. If no notice is lodged in accordance with Rule 4, a sitting may be cancelled at the discretion of the Commission.

9. The notice required by Rule 4 shall be addressed to:
The Secretary
The Ontario Electoral Boundaries Commission
70 Lombard Street
Toronto, Ontario
M5C 1M3

Electoral District of Victoria-Haliburton

— consists of the counties of Haliburton and Victoria excepting thereout the townships of Carden, Dalton and Manvers.

Last minute goal keeps Foamblowers alive

The Rockcliffe Foamblowers kept their play-off chances alive with a come-from-behind victory in Men's Recreational Hockey action on Monday night. The Blowers defeated Hartwick Construction 8-7 after a strong third period effort.

Trent McElwain put Hartwick on the scoreboard halfway through the first period. Less than two minutes later the score was tied after a goal by Joe Giles.

Forty seconds into the second period Larry Sawyer put Hartwick ahead 2-1 on an assist from Dave Dollo. John Barkwell added

another goal less than a minute later on an assist from Larry Sawyer and Dave Dollo.

Jim Keetch narrowed the gap to 3-2. The assist went to Dave Brown.

Hartwick made it 5-2 at the end of the second period on goals by Al Stender and J. Outram. Assists went to Charlie Berube, Trent McElwain, John Barkwell and Dave Dollo.

The Foamblowers bounced back from a three goal deficit early in the third period on goals by Joe Giles

and Dave Hartwick, but a goal by Barry Smith from Al Stender increased Hartwick's lead to 6-4.

Half way through the period the Blower's Dave Brown narrowed the gap again. Assists went to Jim Keetch and Wayne Johnson.

Keetch tied the game 30 seconds later on a pass from Dave Brown but with less than three minutes left in the game Hartwick went ahead 7-6 on a goal by Charlie Berube from Trent McElwain and John Barkwell.

With only 2:41 left Dave Brown tied the score at 7 all on a pass from Ken Casey and 20 seconds later Jim Keetch scoring his third goal of the night put the Blowers up for the first time in the game.

Hartwick pulled Dave Pearson out of the net for the extra attacker but the clock ran out and the Blowers had their first win of the final play-off series with a score of 8-7.

Hartwick leads the best of five play-offs two games to one. Action resumes on Monday, March 26 at 7 p.m. Admission is free.

While their teammates fight for the puck in the corner, players from both teams swarm around the Hartwick net. The Rockcliffe Foamblowers overcame a three goal deficit to defeat Hartwick Construction 8-7.

Big win for Minden Juveniles

The Minden Juveniles ended their season with a big win at the annual Monmouth Tournament. The team skated to a 12-6 victory in the game played on Saturday in Wilberforce.

Eldon Bull who won the Most Valuable Player award led the Minden attack with three goals and an assist. Blaine McKelvey also came up with a hat-trick. Jim McKelvey contributed two

goals and a pair of assists. Scott Hamilton added a pair of goals and an assist.

Other goal scorers were Scott Rae with a goal and two assists and Scott Yake with one goal and an assist.

Boomer Stamp and Barry Boice each assisted on three plays and Kevin Hamilton added one assist to round out the scoring.

Kevin Smith was the winning goaltender.

Senior curlers take top spots

The Haliburton Curling Club, under the chairmanship of Jim Holmes, Tom Stinson and their efficient staff entertained rinks from the Minden Senior Curling Club in a mixed bonspiel on March 14.

There was a fine display of excellent curling by both Clubs and as usual, many team players "drew to the button, got lucky wicks, hogged the stone, were either on or off the broom, too heavy or too light and of course, other patent excuses".

However, from all this straining and sweeping, there emerged 2 winners, from Minden, thanks to the graciousness of the Haliburton Club who played steady and well.

First prize went to the Yearwood rink skipped by Cec Yearwood with Luella Yearwood, Lloyd Boskett and Doris Hart in their respective positions. Second prize went to the Pettinger

rink, skipped by Ed Pettinger and well supported by Peggy Pettinger, Phil Graham and Jane Graham.

Each team was well rewarded with prizes of fresh, tender T-Bone steaks, 8 to the first winner and 4 to the second winner.

On behalf of the Minden Senior Club, Ed Pettinger thanked the host Club for the fine efforts of their ladies in serving a delicious soup, sandwich and home baked pie luncheon and also to the organizers of the bonspiel. He also indicated that golf competition would be the next item on the priority list when these two Clubs will, as usual, get together for summer tournaments.

We know the winners will enjoy their steaks, but first and foremost, a sincere thank you to the Haliburton Curling Club for the fine fellowship and sportsmanship enjoyed by all who attended.

Where your taxes go

-by Bill Scott, MP -

Each year, the Federal Government tables its estimates of how it intends to spend our money in the next fiscal year. This year, exclusive of what the tax-

payer pays through federal sales tax, gasoline tax, tariffs and the deficit, the Government plans to spend your income tax dollars as in the following table.

Per Tax Dollar	Income			
	\$25,000	\$50,000	\$75,000	\$100,000
Federal Taxes	1.000	1370	2576	5613
Internal Overhead Expenses	.027	37	70	152
General Government Services	.043	59	111	241

Public Debt	.215	295	554	1207

NOTE: Federal taxes payable is based on the assumption of total deductions and exemptions of \$10,500. This includes the taxpayer, a home-making spouse, two children, the employment expense deduction, U.I.C. and C.P.P. deductions and other miscellaneous deductions. Taxes here have been reduced by the federal tax reduction and the child tax credit. The table is based on

the federal tax structure in provinces other than Quebec.

As you will see from this table, the second largest amount, 21.5%, is to be spent on paying the interest on the national debt. In the year before Mr. Trudeau became Prime Minister, this was only 11.6%. This, almost doubling of the cost of our national debt, is part of the visible legacy of Mr. Trudeau and his Party.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop up, close and convey those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of lands and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Kushog Lake, lying in front of part of Broken Lot 3 Concession 6 and being more particularly described as parts 1 and 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2983.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The proposed By-Law will come before the said council for consideration at a meeting to be held at the Municipal Office in the Township of Stanhope on the 28th day of March, 1984 at the hour of 11:00 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: February 21, 1984.

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation of
The Township of Stanhope

NOTICE TO SAWMILLS AND LOGGERS REGARDING CROWN TIMBER DISPOSAL

The Ministry of Natural Resources is currently in the process of preparing a forest management Operating Plan for Crown lands of the Minden District for the five-year period ending in 1990.

This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and a licencing and timber sales programme for disposal of this timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for the improvement of other forest stands are also included in this operating plan.

In order to provide as fair a disposal of the Crown land allowable cut as is possible, the Ministry is soliciting the views of mills and loggers on this matter prior to the preparation of any new licences and sales. The deadline for such submissions is April 16, 1984.

For further information, contact the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0, telephone 286-1521.

Second Set can be purchased at cost of \$50.00

Lowest or Any Tender may not be necessarily accepted.

Water level group seeks input

An appraisal report on Trent-Severn Reservoir Lakes and Waterway Systems is being prepared for the Haliburton Highlands Water Levels Committee by a sub-committee headed by J.G. (Jerry) Strickland, past president of the Federation of Ontario Cottagers' Association, assisted by Bev Robinson of

Boshkung Lake and Murray Balkwill of Drag Lake in consultation with many others.

This report will be used by the Haliburton Highlands Water Levels Committee as a brief and further input in any additional submissions to or dialogue with Provincial and Federal Ministers, their representatives and

others.

The report will include an inventory of existing concerns/constraints in the watershed area and system, a review of the operating criteria for the existing watershed system and an

identification of measures that will improve and provide effective management of the watershed area and system.

The Committee feels that since its inception in the fall of 1977, it has amassed considerable information which

can be put to good use in compiling a comprehensive report.

Any group or Municipality wishing to provide additional input is requested to submit their report to: J. G. Strickland, Past President and Co-Ordinator of Operations (Committees), The Federation of Ontario Cottagers' Association Inc., Suite 105, 215 Morris Road, Scarborough, Ontario, M1C 1E9, with a copy to: Mr. W. G. Howe, Chairman, Haliburton Highlands Water Levels Committee, Box 399, Minden, Ontario, K0M 2K0.

Target date for the completion of this report is early April, 1984.

Very Important People

People of all ages and all walks of life do important and essential jobs as Red Cross volunteers.

Buckslide bridge upgrading approved

Pending approval of a subsidy from the Ministry of Transportation and Communications, the Township of Stanhope will be undertaking a project to upgrade and widen the Buckslide bridge later this year.

At the regular monthly council meeting held on March 7 Stanhope Council passed a resolution to apply for a supplementary subsidy that would cover 50% of the costs of the proposed project. The township is eligible for funding from the MTC under the Highway Improvement Act.

A preliminary report prepared by the firm of Totten, Sims and Hubicki Associates Limited estimates the project will cost \$72,000. The cost of increasing the width of the

surface of the bridge to allow for two lanes of traffic as well as additional repairs to the structure has been estimated at \$40,000. An additional \$32,000 will be spent to upgrade the approaches to the bridge.

Work on the structure, which is located on the Buckslide Road is expected to begin in the late summer or early fall.

Scott joins tax task force

Bill Scott has announced that he has accepted the invitation of the P.C. Task Force on Revenue Canada to join them on their tour to Western Canadian cities.

Mr. Scott will be a member of the task force at their hearings in Vancouver, Cranbrook, Calgary and Saskatoon on March 19, 20, 21 and 22.

As in hearings which have already taken place in Ontario and the Maritimes, the task force is mandated by Brian Mulroney to conduct public meetings in order to give Canadians an opportunity to express their concerns about the depart-

ment's treatment of taxpayers.

Mr. Scott commented before his departure for Vancouver, "As Deputy Spokesman for National Revenue in our Caucus and a long time critic of the practices of tax collection in Canada, I am pleased to join the task force in its deliberations. I am confident we will return with constructive suggestions for the Government and hopefully be able to convince them to finally allow an open Parliamentary inquiry into the practices of Revenue Canada."

Argo star comes to Minden

Peter Muller, nine year veteran of the Toronto Argonauts, will be the special speaker at a County-wide Youth Rally to be held in the gymnasium of the Archie Stouffer Elementary School on Friday, March 30 at 7:30 p.m.

Muller played college football for Western Illinois University on a football scholarship. He played split end and tight end, and was the varsity punter all four years.

In his nine years as an Argo, Muller won the Tom Pate award, given by the C.F.L. to the player who contributes the most to football on and off the field. He was nominated four times for the coveted Schenley award, the top C.F.L. individual award. In 1978 he received the Argonauts Most Valuable Player Award. He retired in 1981.

Muller will be sharing some of his experiences and what it means to be a Christian and professional athlete. All teens are invited to come and hear him. Come and bring a friend!

STEEDMANS

Haliburton and Minden

Monday was Snowarama appreciation night at the Minden Rotary Club. The club paid tribute to the volunteers and several riders who participated in the 1984 fund raising effort. Club member Cub Coneybeare, front right, presents Del Taylor of Beaverton with the trophy for the highest amount of cash pledges. Del turned in close to \$1500 in cash at the start of the ride February 4. Attending the meeting with Del was his father-in-law Max Witty, left. Other helpers honoured by the club included Art Nye, back left and HCSA president Tom Prentice, third from the left. Both individuals, along with additional HCSA volunteers were instrumental in providing groomed trails for the Snowarama. Also in attendance were Paul Dillon, second from left, Gary Anderson, second from right and Phil Graham who, through the services of the local two way radio club, provided communications for the event.

Good reasons to join 4 - H

- Ag report -

A program that attracts over 22,000 young people must have some amazing benefits to it. What can the 4-H program offer you and why should you join?

The reason is obvious when you see a 4-H club in operation. The members are having a great deal of fun! They like meeting new friends, doing activities with "old friends" and working with a variety of age groups. 4-H members quickly learn the meaning of co-operation as they work with fellow members to complete exhibits, clip a calf, learn from a game or make a recipe.

4-H club work provides the opportunity to expand and develop skills under the capable and knowledgeable direction of a leader.

Less obvious benefits of being a 4-H member are the opportunities to develop personal skills. Learning to assist a less experienced member, or sharing a skill with your club requires the development of good communication skills and leadership abilities.

How many organizations can offer you the ease of learning to speak publicly in the comfort of 10 or 15 friends - and also challenge you with audiences of 100 or more when you are ready to handle them? The ability to communicate effectively with public groups is an important talent to acquire.

The thrill of having tried something new, of finishing a tough project or helping a friend is the best builder of self-confidence and self-worth available to anyone.

There are many benefits to being a 4-H member. Different challenges, situations and opportunities attract various members to the program. The overall personal benefits can best be summarized in the words of a present 4-H member: "4-H is building a better me".

For more information on joining the 4-H program contact Mark Leahy or Christine Dukelow, at the Lindsay Agricultural Office.

D.H.I. awards presented

A number of Victoria and Haliburton County dairy producers were recognized at the Annual Dairy Herd Improvement Association Banquet.

Ray VanSchaik of Woodville was the winner of the Master Feeds Trophy for the highest B.C.A. on the Supervised Program, with the Composite BCA of 161, on 41 records. Runners up were Henry and Leslie VanSchaik of Oakwood, and Engleale Farms of Lindsay.

The most improved herd with an increase of 37 BCA Points was the herd of Bud and Paula Kirchner of West Guilford. They received the Sunderland Co-operatives Trophy. Runners up for this award were Carson Knox,

Fenelon Falls, and Ross Chambers of Oakwood. David Hamer of Oakwood received the Breeding Efficiency Award with a 12.3 month calving interval.

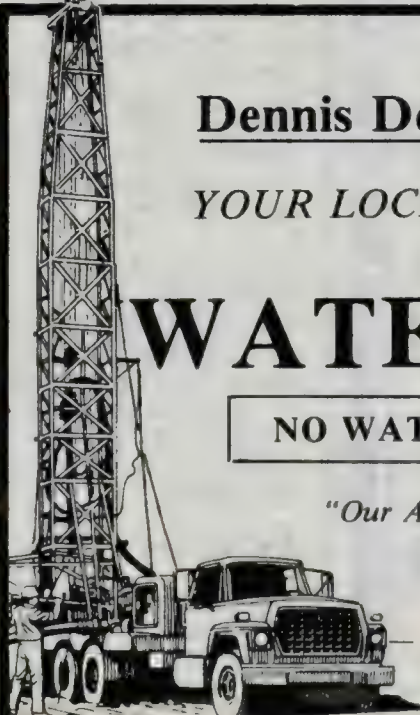

Production Awards for the Highest Plus Deviation Cows were won by Bud and Paula Kirchner, Engleale Farms and Terry Henderson, Woodville.

Special recognition for herds on Owner-Sampler Program were arranged by the County Association. Bill Moynes of Lindsay received the Lindsay Co-operatives Trophy for the highest BCA on this Plan, with a Composite 135.5 on 47 records. Henry Stam of Little Britain received the Schwartz Bros. Award for the Most Improved Herd. Bill Moynes also received the award for Breeding Efficiency with a 11.9 month calving interval.

Cow-calf seminar Program details have

been announced for the East Central Cow-Calf Management Seminar being held at the Hickson Sales Barn, Lindsay, on Thursday, March 22. The program, which starts at 10:00 a.m., will feature speakers during the morning and demonstrations during the afternoon. In the morning, Carm Hamilton, Agricultural Representative, Lindsay, will discuss Weaning Weight Programs; Bernie Walsh, from Hastings, will outline his experiences with Pre-Conditioning calves last fall; John Field, area Beef Cattle Specialist, will give an update on the OMAF Red Meat Policy, and Dr. Brian O'Neill, a Lindsay Veterinarian, will talk on Herd Health considerations for the beef cow.

Following a beef luncheon, the afternoon program will feature demonstrations on implanting, lice control, vaccinations, and de-worming.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposed to enact a By-Law to stop-up, close and convey those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of lands and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Boshkung Lake lying in front of part of Lot 9 Concession 3 and being more particularly described as Parts 2 and 5 Plan 19R2796 and Parts 1, 3, 5 and 7 Plan 19R2880, which Plans are deposited in the Registry Office for the Registry Division of the County of Haliburton.

A COPY OF THE PLANS OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The Proposed By-Law will come before the said council for consideration at a meeting at the Municipal Office in the Township of Stanhope on the 28th day of March, 1984 at the hour of 11:30 a.m., and at that time, the council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: February 22, 1984.

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation of
the Township of Stanhope

Home cleaning services available

by Marie Wallace

Home Help is one of the popular services sponsored by Haliburton County Home Support Services. Many women living in all areas of the County are willing to assist people with their household tasks for a fee of \$3.85 per hour, which is the minimum wage.

We would encourage you to make use of their capabilities - this will reserve your strength so that you can enjoy the day. You will look forward to someone coming in for a few hours, and when they leave you will have a nice clean house!

Because these 'home helpers' must travel and use their car, we feel that they should have a minimum of 3 hours work. However, if the distance is shorter and

within walking distance, a shorter work period can be arranged.

Your first contact would be set-up by calling the Home Support office at 457-2941, and after that, if the worker is satisfactory, you can make arrangements with her directly.

The aim of the support services is to keep the senior living comfortably in his/her own home for as long as possible and we know that 'home help' will allow for this in many instances. It is definitely money well spent!

Our Spring Newsletter was printed last week and we want every senior to have a copy. These are distributed at the Senior Clubs, Wheels to Meals, Churches, to clients on Meals on Wheels, etc. They are also available

at the Drop-in Centre located adjacent to our office and the Information Centre in Haliburton, across

from Emmerson Lumber. We can mail one to you if you are unable to come in - just call us at 457-2941.

THANK YOU

Leroy & Pat Lichty,
former owners of
The Brown Owl Restaurant
wish to thank all their former
customers for their patronage
and wish the new owners
John and Kathy Stainton
success in their new venture.

Did you know?

by Bambi Gilder

Did you know ... that our office has O.H.I.P. forms, including the application for non-group enrolment, premium assistance and also brochures on the traveller's guide to the Ontario Health Insurance Plan and a general guide book.

All of these contain a brief outline of benefits available, O.H.I.P. offices (addresses), and the forms needed to apply for coverage.

Ontario Health Insurance is the only basic health care insurance available in Ontario to Ontario residents and is designed to help pay for insured services when you are sick or injured.

Without this insurance coverage, you could run the risk of having to pay an enormous amount for medical expenses should you require medical care.

A reduced income or financial difficulties need not prevent you from having Ontario Health Insurance. There are several ways you can obtain assistance in

paying the premiums.

To receive further information, just drop in or give us a call at 457-2733. We would love to hear from you and help with any inquiries that you may have regarding social, legal, health, governmental and environmental subjects. Our office is located in Haliburton at the Drag River Municipal Building (across from Emmerson Lumber) and we are open from 10:00 a.m. till 4:00 p.m. Monday to Friday.

YBC

by Lora Patton

This past Saturday the high scores were: a Tyke, Timmy Robinson with 165; Bantams, John Patton had 144; and Juniors, Tony Rutledge had 167.

Lora and John Patton went with Ron Robinson Sr. to Peterborough this Sunday to represent Carnarvon Lanes and compete in the Master - Bantam tournament. They placed sixth out of 32 groups. Our team had plus 185 over average.

Please Welcome

To the Business Community of the Highlands, John and Kathy Stainton, the New Owners of **THE BROWN OWL RESTAURANT & GAS BAR** at Hwy. 35 in Minden. Pictured above from left are John Stainton, Maggie Stainton, Kathy Stainton, Marg Harrison of Bowes and Cocks Ltd., Realtor, Leroy Lichty and Patricia Lichty Former Owners.

Q: What is the difference between a monster and peanut butter?

A: The monster doesn't stick to the roof of your mouth.

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

Seemed to us there was a collective sigh of relief from the mothers in the area when Spring Break was over and all the little darlings went back to school. Much as we love you kids, it was nice to see you go back!

Many people from this area spent spring break skiing in Vermont. From all reports they had a wonderful time, glad you all made it back safely with no broken limbs.

Don't forget Rotary Bingo next Tuesday, March 27, at the Community Centre. This is a pleasant evening out and the proceeds go to many worthy causes.

Visiting this past week with Jeanne and Milt Sears were grandson Chris Ewing from Toronto and Carol, Reg and Karen Leaman from Keswick.

Winners of last week's euchre party at St. Paul's Anglican church were, lone hands, Florence Schlosser, others, Irene Houghton and Pearl Cowen.

The Minden Agricultural Society will meet Wednesday, March 28, 7:30 p.m. in the Municipal building. Everyone is welcome.

A dance is being held this weekend at the Community Centre to honour Pat and Leroy Lichty, former owners of The Brown Owl. They have contributed a

great deal to the community and certainly deserve this occasion. Everyone is invited, see the information on the classified page.

Club 35 had 33 members attend their card party Monday night and winners were, ladies' high, Edith Russell, men's high, Bruce Cummings. The door prize was won by Lodi Mestroni

Beacon

The old man trudges wearily along the shore
His footsteps sinking into the sand of time
Obliterated at each step by the rising tide,
As he walks unsteadily with cane like cudgel
Clutched in one puny hand.
His gaze is longingly cast toward the sea
The glowing sunset mirrors its radiance over all.
The darkness is rapidly diminishing the pure panorama
Of golden, crimson, lavender and cerulean that envelopes the sky.

Ah, he thinks, what visions I have seen,
What wonders that have brought to bear in my lifetime -
What tragedies that have beset us
And what miracles have been wrought.
Men have died for causes they believed in
Or did not believe in, nevertheless they were forced to pay a terrible price.

Dedicated men, still striving for an end to human suffering
Oh this world that God created in his magnificence.
I may die soon, but nothing or no one can dispel or destroy the painting
That only God can daub upon his masterpiece called Earth.

Even those puny nations that may try to obliterate His Creation can never do so.
The mist curls in soft, eddying circles about his frail form as he contemplates these truths. Now the sky, velvet, navy blue with shadowy breakers rolling up upon the sands, leaving no trace of his footsteps, which are imbedded in time, the old man gazing into infinity with love and understanding of the aged, looks to the clear, clear sky, and beholds the first bright star, winking and shining like a beacon, welcoming the weary traveller home.

Yvonne Guida

Dracula: Knock, Knock.
Victim: Who's there?
Dracula: A-I.
Victim: A-I what?
Dracula: A-I to drink your blood.

Q: What is worse than seeing a shark's fin in the water?

A: Seeing its tonsils.

Q: What do they give to a shark who learns to dive to the bottom of the sea?

A: A deep diploma (diploma).

Q: What goes, "Ha, ha, ha, plop, plop, plop?"

A: A monster laughing its heads off.

Q: If one Tyrannosaurus runs at 15 miles per hour, and another Tyrannosaurus runs at 25 miles per hour, what would you get if the two collide head-on?

A: Tyrannosaurus Rex (wrecks).

and other prizes were taken by Shirley Bunker, Mervin Bunker and again, Lodi Mestroni.

Visiting with Bess and Fred Cox on the weekend were Archie and Susan Cameron and their two children Cindy and John.

Our sincere sympathy to the family and friends of Fred Thorne, formerly of Deep Bay Road, who passed away last week.

The following beautiful poem was sent to us by our friend Yvonne Guida. We hope you enjoy it as much as we did.

senior league

by Bert Harrison

Dear readers: I don't seem to have much to write about. Some of our residents are down with the flu. Some laid right out. We had no sing song Friday afternoon, no Bible study Saturday, no service in the chapel Sunday night. Rev. Burgess couldn't get out of his driveway, so you don't know what to do or where to go, you don't like to step outside when it's 30 degrees below. God works in mysterious ways, his wonders to perform. The sun is shining bright today after yesterday's storm.

Our administrator had a birthday this very day, congratulations, hope many more comes your way. Edith Welch came back to us today, after in different hospitals she had a lengthy stay.

Monday afternoon the ladies in the craft room, that is all that were able. Making different items on the round tables. Got my wife back from the hospital, thought everything would be fine but all she wants to do is sleep all the time. The movies Monday night were quite a sight "Reward Land", "Rocks To Take Home" and "Every Saturday Night". We were so sorry to learn that Betty Hardy didn't even slip but ended up however with a dislocated hip. They say as we grow older our bones get more brittle, to break a leg or hip takes very little.

Tuesday morning Rev. Wicks of Minden Gospel Church, conducted a very impressive service in the chapel this March day. Fred Ballard also came with music to play. Wednesday morning down at fun and fitness, Fred Bamforth won, dropping the balls through a hole in the ramp, for all to witness.

Our entertainers came Wednesday night, Cathy Owens, all the way from the department of Natural Resources where students go each month to study different courses. Earl Cooper came from the shores of Grass Lake. Now these two know how to do the job and sure has what it takes. They play lovely music that the residents enjoy so much and look forward when they'll be coming back to us once again.

The ladies from the Baptist Church from Haliburton came down to Hyland Crest. Served us a delicious lunch, and were our special guests. We would like to say, thank you for coming down to us this 15th March day. Doug Ripley and Linda McKnight came up here Thursday night, called the bingo numbers and did the job just right. They are celebrating Saint Patrick's day Friday at Hyland Crest, doing all the kinds of stunts to put you through the test. Now what do you suppose trying to throw a ring around Patty the pig's nose? Also peel a potato without breaking the

peeling, also a lot of other stunts that gave you a funny feeling.

They played the quiz game which is a lot of fun, I don't really know which side won. Royce Harrison and Royce alone guessed the exact weight of the blarney stone. For all who took part in the games they played it turned out to be a very exciting day. It was my wife's birthday too. To all who sent her flowers, lovely cards, best wishes, the cooks for a lovely birthday cake, we would like to say a big thank you.

To the newlyweds

And so you got married, now how this came about we were real curious. We thought we would find out. Now Michael thought, it would be real good if he would win the hand of lovely Nurse Wood. He would always have wood, to keep himself warm. We are glad you are both staying on here at the Crest. With health and happiness, you both will be blessed. Now this is the wish, from all of us here, that your love will grow stronger with each passing year. As you travel life's pathway, on a day to day course, with never a thought, of seeking divorce. But on each other depend, just stay tied up together, no matter the weather, until life's journey's end.

COUNTY OF HALIBURTON ROADS DEPARTMENT ATTENTION TRUCK OWNERS

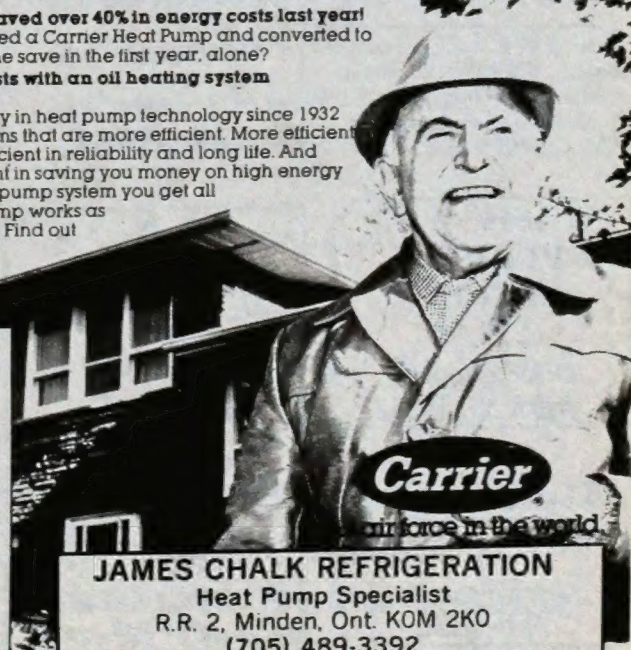

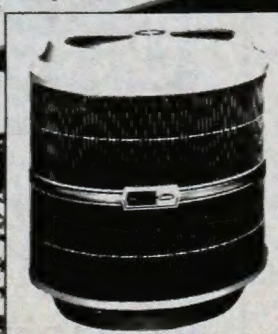

All truck owners who are interested in working for the Roads Department in 1984 are required to complete forms that are now available from the County office. All forms to be returned by 4:00 p.m. April 11, 1984.

"I beat high energy costs by installing a Carrier Heat Pump"

Mr. W. Wood, Mississauga, saved over 40% in energy costs last year!
Mr. Wood installed a Carrier Heat Pump and converted to electric heat. How much did he save in the first year, alone?
Over 40% on his previous costs with an oil heating system

Carrier has pioneered the way in heat pump technology since 1932 to bring you heat pump systems that are more efficient. More efficient in the use of energy. More efficient in reliability and long life. And more important, more efficient in saving you money on high energy costs. Plus with a Carrier Heat pump system you get all season comfort. Your heat pump works as an air conditioner in summer! Find out how you can beat energy costs like Mr. Wood by calling Carrier today!

AT REST

PORTER
Bertha Leticia
at Extencicare Nursing Home, Haliburton on Thursday, March 15, 1984 in her 77th year, beloved wife of the late William H. Porter, dear mother of George, Jean (Mrs. W. Stamp) of Haliburton, Betty (Mrs. D. Billingham) of Toronto, Sadie (Mrs. J. Madden) of Brampton, Bill of Minden, Alice (Mrs. J. Howe) of Brampton, predeceased by Ray. Loving grandmother of 32 grandchildren and 21 great grandchildren, dear sister of Ruby, Jean, Hazel, Minnie and Ida, predeceased by Wes, Orise, Jim, Orval and George. Resting at the Gordon A. Monk Funeral Home, Minden after 2:00 p.m. Saturday. Funeral Service in the chapel on Sunday, March 18th at 2:00 p.m. Spring Interment Evergreen Cemetery, Haliburton.

IN MEMORIAM

NORWOOD: Harold Lloyd Norwood who passed away March 23, 1983. In loving memory of a wonderful father, father-in-law and Poppa. You left us so suddenly With no time to prepare For the ache in our hearts With you not there But the memories you left us So loving and kind We will treasure forever In our hearts and our minds. Sadly missed by Gayle, Tom, Lee, Arnold, Terra, Dawn, Craig, Amber and Aaron.

IN MEMORIAM

NORWOOD: In memory of Harold Lloyd Norwood who passed away March 23, 1983.

He went so fast, so unexpectedly,
One minute talking - next minute down and dying.
Not even time to say goodbye.
So many moments to miss:
The soft snoring through the night
(Sometimes not so soft)
The sound of the chainsaw, and
Then the chopping outside
The kitchen window,
The corny jokes,
The compliments and lip smacking
That made every meal seem
Like a "thing of beauty"
Miss so many moments,
But most of all
The deep, bass voice
Singing along with our Grandchildren
As we "zipped" along in the car.

Barney
